

BitmapInfoHeader

```
classDiagram
    class BitmapInfoHeader
    class Bitmap
    Bitmap --|> BitmapInfoHeader
```

The diagram illustrates a generalization relationship between two classes. At the top is a white rectangular box labeled 'BitmapInfoHeader'. Below it is a gray rectangular box labeled 'Bitmap'. A dashed purple arrow points from the 'Bitmap' box up to the 'BitmapInfoHeader' box, indicating that 'Bitmap' inherits from or specializes 'BitmapInfoHeader'. To the right of the arrow, the text 'bitmapInfoHeader' is written.
